Equipment	Silver Membership	Gold Membership	# of Units	Total
Air Conditioner	<input type="checkbox"/> \$139	<input type="checkbox"/> \$204		
Each Additional Air Conditioner	<input type="checkbox"/> \$109	<input type="checkbox"/> \$174		
Boiler/Furnace (No Steam)	<input type="checkbox"/> \$129	<input type="checkbox"/> \$199		
Each Additional Boiler/Furnace	<input type="checkbox"/> \$99	<input type="checkbox"/> \$169		
Humidifier	<input type="checkbox"/> \$26	<input type="checkbox"/> \$39		
Electronic Air Cleaner	<input type="checkbox"/> \$26	<input type="checkbox"/> \$39		
Water Heater	<input type="checkbox"/> \$39	<input type="checkbox"/> \$59		
Whole-House Plumbing Up To 2½ Bath	<input type="checkbox"/> \$199	<input type="checkbox"/> N/A		
Each Additional Bath	<input type="checkbox"/> \$30	<input type="checkbox"/> N/A		

Please select equipment, type of membership and number of items to be covered and calculate total. All air conditioners must be covered under the same membership. All boilers & furnaces must be covered under the same membership. Please return white copy to American Vintage Home.

Total: _____

Payment Type: Cash Check Visa MasterCard Checking Debit

Credit Card # _____ Expiration Date: _____

Pay in full with one payment

12 Equal monthly payments with 0% interest (Only available with automatic credit card or checking account debit. I understand that the monthly fee will continue, and the agreement will automatically renew, until written notice of termination is received.*)

I hereby authorize American Vintage Home, Inc. to charge my credit card each month

I hereby authorize American Vintage Home, Inc. to draft my checking account each month. I have enclosed a voided check as required to initiate the draft program with my bank.

Customer Signature: **X** _____ Date: _____

This agreement shall continue in effect for 12 months commencing upon acceptance of payment by American Vintage Home, Inc. Agreements that are paid in full will be renewed by payment of invoice each year. *Agreements that are paid monthly shall be automatically renewed at the end of the current term for successive one-year terms unless either party gives written notice of its intention not to renew 30 days before expiration of the current agreement. This agreement is subject to termination by either party upon at least 30 days notice prior to the end of the then-current agreement year. Because business conditions may change, American Vintage Home, Inc. reserves the right to modify prices for any renewal year, but will provide written notice 30 days before the effective date of renewal. American Vintage Home, Inc. reserves the right to refuse Gold Membership upon initial inspection of equipment. A Silver Membership will then be effective and the price difference will be refunded to you. Valid if received by 6/1/10.

THE MOST COMPREHENSIVE MAINTENANCE & SAFETY INSPECTION IN THE INDUSTRY

Cooling Unit Inspection- Clean the outside condensing unit coil · Check Freon levels · Check super heat and sub cooling · Inspect drain system and verify condensate drain is open · Check overflow switches · Check all safety and operational controls · Check fan blades · Check the operation of compressor contactor · Check capacitor and relays · Check high and low pressure switches · Check filter and change standard disposable if needed · Check temperature differential between supply and return air · Check static pressure to ensure proper operation of the system · Check voltage and amperage to all motors · Check blower wheel for free and balanced rotation · Check all blower housing mounts and set screws for tightness · Check belt and adjust tension as appropriate · Lubricate all moving parts where accessible · Inspect thermostat and observe operation · Check all wiring for loose connections and bad insulation

Heating Unit Inspection- Clean and adjust gas burners · Clean and check pilots · Inspect the heat exchanger · Check flue pipe · Check and record CO/CO² levels in exhaust to ensure proper combustion · Check draft to ensure proper venting of exhaust gases · Inspect chimney · Check all safety and operational controls · Check filter and change standard disposable filter if needed · Check supply and return temperatures · Check pressures of system to ensure proper operation of system · Check voltage and amperage to all motors · Lubricate all moving parts where accessible · Check belt and adjust tension as appropriate · Check blower/pump mounts and pump couplers · Check bearings of blower/pump · Check expansion tanks · Inspect pressure relief valve · Check relays and zone valves · Inspect thermostat and observe operation · Check all wiring for loose connections and bad insulation

Whole-House Plumbing Inspection- Inspect the water meter and emergency shut-off valve for operation and tag valve · Inspect outside lawn faucets for leaks and proper operation · Inspect toilets for leaks and perform a dye test · Check toilet water measuring device, the float, overflow and adjust linkage to manufacturers specifications · Faucets will be checked for leaks and corrosion · Visually inspect the stems, cartridges and rubber seals for ease of operation · Clean all aerators · Test water for chlorine content · Check shower valves and heads for leaks · Inspect caulking around shower to ensure proper seal · Treat all drains with Bio-Clean · Inspect all drains for leaks and corrosion · Check all emergency shut off valves for leaks and operation · Inspect all exposed hot & cold water plumbing pipes for any leaks and corrosion · Inspect all exposed gas pipe for leaks · Inspect washing machine hoses and cutoff valve for leaks and signs of corrosion · Visually inspect the temperature and pressure relief valve on the water heater, as well as inspect the burner assembly to ensure proper operation · Inspect water heater exhaust to ensure it is vented properly

Labor Coverages on Parts (Gold Membership Only)

A/C -	Blower Bearings, Blower Belt, Blower Housing, Blower Motor, Blower Shaft, Blower Wheel, Capacitors-Run & Start, Circuit Board, Condenser Fan Blade, Condenser Fan Motor, Contactors, Crankcase Heater, Frost Controls, Internal Wiring, Overloads External, Relay- Fan, Relay-Potential, Relay-Switching, Relay-Time Delay, Switch -High & Low Pressure, Switch- Solenoid, Terminals, Transformer
Furnace/Boiler -	Aquastats, Baso Switch, Blower Bearings, Blower Belts, Blower Housing, Blower Motor, Blower Motor Pulley, Blower Shaft, Blower Wheel, Burner Assembly, Burner Orifices, Capacitor, Circuit Board, Fan Control, Gas Valve, High Limit Control, Igniter, Ignition Cable, Ignition Module, Ignition Electrode, Inducer Motor-OEM, Inducer Wheel-OEM, Interior Wiring, Low Water Cut-offs, Pilot Assembly, Pilot Orifice, Pilot Safety, Pilot Sensor, Pressure Switches, Rollout Fuse, Thermocouple, Transformer.
Water Heater -	Burner, Burner Orifice, Gas Valve, Pilot Assembly, Pilot Orifice, Pilot Tube, Thermocouple
Electronic Air Cleaner -	Capacitor, Cell, Rectifier, Switch-Resistor, Transformer
Flood Cntrl/Sump Pmp-	Alarm Bells, Switch-Float, Relays, Sequencer
Battery Back-up Sys-	Batteries, Charging System, Terminals, Transformer
Humidifier -	Humidistat, Solenoid Valve, Transformer

Excluded Items & Services

Pump & pump components, multizone controllers, dampers, boiler gauge, recharge expansion tanks, all valves-electric or manual, venting, draining, refilling, piping, compressor, heat exchanger, ductwork, accessory items, refrigerant recovery, leak check and repair, evaporator or heat exchanger cleaning, or thermostat. Replacement A/C and or heating units and coils do not qualify for 15% discount.
